## Profile Summary

I am a data enthusiast with experience in MIS reporting, dashboard development and data analysis. I enjoy manipulating data and extract insightful results which can support decision making for a business. I also possess Business Analysis skills for data visualization.

## Skills

**Business Analysis:** Requirement Gathering, KPI Definition, Stakeholder Communication, Process Improvement, MIS Reporting

**Programming:** Python, SQL

**Libraries:** Pandas, NumPy, Matplotlib, Seaborn

**Tools:** Advanced Excel, Power BI, MySQL, PostgreSQL, Git, GitHub

**Dashboards:** Power BI Reports, Excel Pivot Dashboards, KPI Tracking

## Projects

### AdventureWorks Business Dashboard (Power BI)

[Link](#)

- **Problem:** The disparity of sales and customer data in reports limited visibility into revenue performance.
- **Approach:** Developed interactive dashboards using data modeling and DAX for KPI tracking and trend analysis.
- **Outcome:** Consolidated key metrics into a unified view, improving reporting efficiency and clarity.

### Job Market Skill Analysis (Python)

[Link](#)

- **Problem:** Lack of clarity on the skills and salary trends of in-demand data analysts.
- **Approach:** Cleaned and analyzed job posting data using libraries like Pandas and NumPy and visualized insights with Matplotlib and Seaborn.
- **Outcome:** Identified high-demand skills and compensation patterns to guide structured upskilling.

### Vrinda Store Sales Analysis (Excel)

[Link](#)

- **Problem:** Limited visibility into regional and channel-wise sales performance.
- **Approach:** Conducted EDA using Pivot Tables, slicers, and advanced Excel formulas.
- **Outcome:** Highlighted top-performing regions and segments which could support sales strategy decisions.

### Website.com - Registration Module

[Link](#)

- Designed and documented a complete user registration workflow.
- Created user stories, use cases, acceptance criteria, wireframes, and data tables.

## Work Experience

### IGT Solutions - Process Associate

(9 Months)

- Prepared and maintained daily, weekly, and monthly MIS reports using Excel.
- Tracked KPIs and ensured data accuracy through validation checks.
- Delivered structured reports to support operational decision-making.

### PlanetSpark - Business Development Associate

(6 Months)

- Analyzed sales data to track conversions and revenue performance.
- Managed lead tracking and reporting processes.
- Coordinated with teams to improve reporting accuracy and workflow efficiency.
